Being a global Cultures player enables Danisco to provide you with a complete offer of YO-MIX™ yogurt cultures that can be tailored to your specific market needs.

We are continuously developing new cultures for your market which can provide a more milder yogurt, a unique texture or a more traditional flavour. Danisco's versatile YO-MIX™ yogurt culture can also be blended with HOWARU® probiotics or HOLDBAC™ protective cultures to provide enhanced functionalities demanded by the Indonesian market.

Take advantage of this unique opportunity and allow Danisco to be your proven Cultures partner of choice!
